Mary L. Cottrell, Secretary  
Department of Telecommunications and Energy  
One South Station, 2<sup>nd</sup> Floor  
Boston, MA 02110

Re: Distributed Generation  
Request for Comments on Revised Model Interconnection Tariff  
D.T.E. 02-38

Dear Ms. Cottrell:

KeySpan Energy Delivery New England ("KeySpan"),<sup>1</sup> as a participant in the Massachusetts Distributed Generation ("DG") Collaborative, submits these brief comments in support of the Department's approval of the Revised Model Interconnection Tariff filed on May 31, 2005.

KeySpan reiterates that the Revised Model Interconnection Tariff represents a consensus document that should improve the interconnection process through streamlining and reducing confusion for customers. The Department's approval of the tariff will further the goal of providing safe, cost-effective DG interconnection in the Commonwealth.

KeySpan looks forward to the process improvements that should result from the Department's approval of the tariff.

Very truly yours,

Patricia Crowe
